

SPRINGDALE FSC SCHOOL NOTIFICATION

**For Springdale FSC Home Club Members, only
(please update each year)**

Student Skaters:

In order to help our club members gain recognition by their schools for the many hours that they train to achieve their goals in skating, the Springdale FSC will notify the skater's school when tests are passed. The club will send a letter advising your school of your accomplishment, requesting that the letter become part of your permanent school record. Tests passed at the Novice level and higher, and Silver Dance level and higher will be reported to your school by U.S Figure Skating at the club's request. The club will report Intermediate level and lower, and Pre-Silver Dance level and lower directly to the school.

If you would like your school to be informed about your skating achievements, please complete the information, below and mail this page to:

Maomi Anderson
